Violence Against Women

**Major Takeaway:** This webinar will provide participants with an overview of the various federal and state laws that govern interstate custody cases. It is designed for attorneys, victim advocates, and other community partners who wish to understand the basic framework of how these laws fit together. Case scenarios will be used to demonstrate how practitioners can help survivors address the economic, safety and legal issues involved when they cross state or tribal lines to flee abuse. Participants will have an opportunity to ask questions during the presentation.

**ABOUT LRC:** The LRC is a nonprofit organization based in Takoma Park, Maryland, that works to improve legal representation for domestic violence survivors in interstate custody cases. The LRC provides technical assistance to victim advocates and attorneys who are assisting victims in such cases.
